Velocities™ Lower Cost, Continuous Replenishment

By consolidating orders and optimizing carrier capacity, Velocities™ benefits food manufacturers, wholesalers and retailers. It is a win/win cold supply chain solution. Food manufacturers and wholesalers are able to deliver smaller, higher frequency orders at a lower cost; retailers receive scheduled, mixed truckload deliveries consistent with their continuous fulfillment strategies.

- Reduce transportation delivery costs by up to 35%
- Become a preferred vendor to major retailers
- Control your margins on order fulfillment
- Leverage visibility and electronic ordering technologies
- Utilize Hanson transportation services for truckload replenishment

Traditional LTL Distribution
